THE ART OF THE BOOK! BOOK MAKING FIELD TRIP

Create custom origami & hand-stitched books with Book Arts!

Engage your students in hands-on learning. In this workshop we will discover the possibilities of what a “book” can be! Choose from an origami or hand-stitched book. Students work step-by-step with specialty tools to create their own unique book to take home or use in the school classroom.

Included is a tour of our accessible Main and Studio Galleries, Shop of handmade artists’ goods, and our lower level community Studio, housing letterpress and screen print equipment.

Create a truly custom book! Pair the hand-stitched bookbinding workshop with a letterpress or screenprint activity to hand-print your book covers with a title and/or image!
